ITEM #DOG-PARK-KIT

COMPLETE DOG PARK EQUIPMENT KIT

This kit bundles a full dog park agility and amenity layout into a single package: eleven galvanized steel obstacles covering jump, crawl, balance, and enrichment elements, plus three galvanized steel waste bins to support high-traffic use. The kit is built for single-site installation in multi-family and residential community dog parks where the full course is deployed at once.

SPECIFICATIONS

APPLICATIONS	• Complete dog park build-out for multifamily communities • Residential construction amenity package • Single-site agility court and waste station
