ITEM #E1302

125V TAMPER-RESISTANT OUTLET WITH CHARGING PORTS

MORE STYLES AVAILABLE

The 15A 125V Duplex Tamper-Resistant Receptacle with USB-A and USB-C Ports combines traditional power access with modern charging convenience. Delivering up to 24 watts total charging capacity, it efficiently powers smartphones, tablets, and small electronics directly from the wall—no adapters required.

Built with tamper-resistant safety shutters, this receptacle meets current code standards. The combination of USB-A and USB-C ports ensures universal device compatibility and future-ready performance for modern spaces.
