ITEM #E1586

MORE STYLES AVAILABLE

OUTDOOR WALL LIGHT WITH LED BULB

This 1-light outdoor wall fixture is wet-location rated for exposed installations and ships ready to install—no assembly required. The matte black finish and clear glass shade pair with a standard E26 socket and the included 5W, 120V, 2700K LED bulb.

Hardware is in the box (mounting unit, ball nuts, rubber rings, mounting screws, wire nuts), and printed installation instructions are included. The product conforms to ANSI/UL 1598 and is certified to CSA C22.2 No. 250.0.

Use at entries, porches, garages, and pathways where a compact, wall-mounted luminaire is needed.

SPECIFICATIONS

APPLICATIONS	• Exterior entryway lighting • Porch and patio wall lighting • Garage exterior walls • Outdoor walkways and pathways
MATERIAL	Powder-coated metal housing with clear glass shade
FEATURES	• Wet-location rated for outdoor installation • Standard E26 medium base socket • Matte black finish with clear glass shade • Includes 5W LED bulb (120V, 2700K) • Ships fully assembled with mounting hardware
