ITEM #E1589

# 4" ROUND CEILING BOX W/ BAR HANGER

2 HOUR FIRE RATING

This 20 cu. in. ceiling box is designed for new work applications and includes a 14.25 in. to 22.5 in. adjustable bar hanger for secure joist mounting. Molded from durable polyphenylene oxide (PPO), it offers excellent heat resistance and long-term strength. Six integral wire clamps provide secure cable management. Listed for use with non-metallic sheathed cable per NEC Article 314, it is ETL certified with a 2-hour fire rating and compatible with 90°C connectors. Available in multiple colors with custom options.
