ITEM #E1592

2 GANG ELECTRICAL BOX, NAIL ON, NEW WORK

2 HOUR
FIRE RATING

This 1-gang new work electrical box offers a 32 cu. in. capacity, providing added space for larger wiring needs. Made from durable polyphenylene oxide (PPO), it delivers excellent heat resistance and long-term performance. Pre-installed captive nails hold firmly in place for fast, secure stud mounting. Designed for non-metallic sheathed cable per NEC Article 314, it is ETL listed with a 2-hour fire rating and compatible with 90°C connectors.
