ITEM #F2279

RUBBER GYM FLOOR TILES, BLACK/BLUE

This 15 mm rubber tile pairs a black base with a blue fleck finish for a clean, athletic look that hides scuffs and dust between cleanings. The 50 cm square format covers floor area quickly in fitness rooms and amenity spaces.

The 15 mm thickness cushions impact from dropped weights and protects the subfloor beneath heavy equipment. Glue-down installation keeps tiles firmly in place, with no shifting or lifting at the seams.

SPECIFICATIONS

APPLICATIONS	• Multifamily fitness centers and clubhouses • Hotel and student housing gyms • Free-weight and functional training areas • Commercial and amenity fitness rooms
MATERIAL	Rubber
FEATURES	• 15 mm thickness for impact protection • Black base with blue fleck finish • 50 cm square tiles for fast coverage • Glue-down installation for a secure, stable floor • Durable, low-maintenance surface
INSTALLATION NOTES	Acclimate tiles prior to installation. Install over a smooth, clean, and dry subfloor using a manufacturer-approved rubber flooring adhesive. Roll installed tiles to ensure full bond. Allow adhesive to fully cure per manufacturer instructions before heavy use or wet cleaning.
DIMENSIONS	Tile: 500 mm × 500 mm × 15 mm Approx. 19.69 in × 19.69 in × 0.59 in 2.69 sq. ft. per tile
