ITEM #H1623

HIDDEN GUTTER HANGER K-STYLE, 6 IN.

The K-style hidden gutter hanger is used to secure 6 in. K-style gutters to fascia boards while remaining concealed from view. The hidden profile allows the hanger to install inside the gutter channel to maintain a clean exterior appearance.

Manufactured from aluminum, the hanger is designed for dimensional compatibility with commonly used 6 in. K-style gutter systems. The profile supports consistent gutter positioning during installation in residential and light commercial drainage systems.

SPECIFICATIONS

APPLICATIONS	• Installation of 6 in. K-style gutter systems • Residential roof drainage systems • Light commercial gutter installations • Gutter attachment to wood fascia boards • Replacement or repair of existing gutter hanger systems
MATERIAL	Aluminum
FEATURES	• Hidden hanger profile designed for interior gutter installation • Compatible with commonly used 6 in. K-style gutter systems • Aluminum construction suitable for exterior environments • Supports consistent gutter alignment during installation • Supplied in bulk packaging for high-volume installation
INSTALLATION NOTES	Proponents hardware is engineered for dimensional compatibility with industry standard connector profiles. Products are manufactured to published industry specifications. Fastener type, quantity, and installation requirements should be verified by the installer or design professional based on project requirements and applicable building codes.
WARRANTY	Limited 1-Year
