ITEM #IF1689

36 IN. SQUARE FRAMELESS MIRROR WITH POLISHED EDGE

This frameless mirror is used in bathrooms, bedrooms, closets, and multipurpose spaces in residential and commercial projects. The square profile supports flexible layout planning.

Builders specify this mirror for straightforward installation and clean integration into both new construction and renovation work. Polished edges eliminate the need for a frame and simplify coordination with surrounding finishes.

The mirror measures 36 in. × 36 in. with a 3/16 in. thickness and polished edges.
