ITEM #IF1691

PVC SHOE MOULDING

This MDF cove crown moulding is designed for interior trim applications at ceiling-to-wall transitions. The moulding is factory primed on both the face and back using gesso and waterproof glue to help reduce moisture absorption and maintain dimensional stability. The smooth MDF surface supports consistent paint finishes, and the cove crown profile provides a clean transition between walls and ceilings in residential and light commercial interiors.

SPECIFICATIONS

APPLICATIONS	• Baseboard-to-floor transitions • Perimeter trim for hardwood, laminate, vinyl, and tile flooring • Bathrooms and powder rooms • Kitchens and laundry rooms • Basements and moisture-prone interior areas • Residential and light commercial interiors
MATERIAL	PVC (Polyvinyl Chloride)
FEATURES	• PVC construction • 3/4 in × 3/4 in shoe moulding profile • Moisture resistant • Resists rot, swelling, and cracking • Smooth white finish • Paintable if required
INSTALLATION NOTES	Interior use. Suitable for moisture-prone areas. Fasten with finish nails, brads, or PVC-compatible adhesive. Allow for minimal expansion per PVC installation practices. Use PVC-compatible paint if painting is required.
DIMENSIONS	0.75" D x 0.75" W x 96" L
WARRANTY	Limited 1-Year
