ITEM #IF1763

1 IN. CORDLESS MINI BLINDS

These cordless vinyl mini blinds are used for privacy and light control in residential and multifamily applications. They can be mounted inside or outside the window frame.

Builders choose these blinds for simplified installation and compliance with child safety standards. Cordless operation reduces complexity and supports consistent installation across units.

The blinds measure 27 in. wide × 72 in. long and feature non-foamed PVC slats with a steel headrail. They are certified by Best for Kids.
