ITEM #SE3001

CANADIAN HEMLOCK SAUNA

This Canadian hemlock sauna adds a dedicated heat room to amenity spaces in multifamily, hotel, and student housing projects. It runs on a 0 to 99 minute timer with an adjustable range of 59°F to 140°F, and one control panel handles temperature, audio, and lighting.

Inside are a red light panel, a Himalayan salt panel, ventilation windows, and dual speakers with Bluetooth, FM, MP3, and USB playback. The front is 8 mm transparent tempered glass with a wooden handle.

SPECIFICATIONS

APPLICATIONS	• Multifamily clubhouse wellness and fitness rooms • Hotel spa and fitness centers • Student housing recreation centers • Amenity upgrades in renovation projects
