ITEM #SW2170

EXTERIOR DECORATIVE SHUTTER SET

This decorative shutter set is designed for installation on exterior wall surfaces alongside windows. The shutters provide an architectural accent that complements siding and window trim. Manufactured from polyurethane, the shutters are suitable for exterior conditions and can be installed on a variety of residential exterior wall assemblies.

SPECIFICATIONS

APPLICATIONS	• Exterior window decorative accents • Residential siding installations • New construction homes • Exterior renovation projects
MATERIAL	Polyurethane
FEATURES	• Realistic wood color and texture • Designed for exterior decorative use • Suitable for installation alongside windows • Lightweight material for easier handling
INSTALLATION NOTES	Install to exterior wall surfaces using appropriate exterior fasteners. Position shutters on each side of the window opening and fasten through the shutter body into the wall surface or backing.
